EXT. SIDEWALK - DAY

The beautiful day is contrasted with a sickly meek Isabella struggling along. Kaiden, looking almost as bad helps her.

ISABELLA
You're drinking again.

KAIDEN
I never really stopped. Just cut
back from time to time.

She wavers, Kaiden guides her arm and she winces. He pulls up her sleeve revealing a large bruise.

ISABELLA
Relax. It's from the cancer.

KAIDEN
I never said anything.

A bicycle rider jumps the curb, almost mowing them down. He swerves at the last moment, his wallet dropping out of his bag.

Kaiden picks it up and tries jogging after him. Ultimately giving up. He opens the wallet and is mesmerized by the hundred dollar bills.

KAIDEN (CONT'D)
The police take care of this kind
of stuff right? I can just leave it
with them?

Isabella pities him.

ISABELLA
What happened to Danielle?

He is still amazed by all the money.

ISABELLA (CONT'D)
Did she break up with you? Again?

KAIDEN
What? Uh. Sort of. She's seeing
someone else. It's fine though. I
just want her to be happy.

Isabella blocks his path, squares up to him.

ISABELLA
If I don't say this now I may never
get the chance.
